

Native Forest® Organic Mandarin Oranges are grown in pristine island orchards. They are protected from pollution by their remote location, miles from the nearest industry or road. Our orchards are certified to USDA organic standards, which promote biodiversity, renew soil fertility and yield deliciously healthful fruit. We hand pick these tree-ripened organic mandarins, then peel and pack whole plump segments in their own unsweetened organic juice. Your family will love their naturally sweet and juicy taste! The quality that you see and taste is only a hint of the care in every Native Forest product. Enjoy!

Serving Suggestions: A great lunchbox treat and delicious in ambrosia salads. Chill before serving.

Refrigerate unused portion in a covered glass or plastic container and enjoy within 4 days.
